WORLD MAP OF HUMAN DEVELOPMENT INDEX xviii

I. INTRODUCTION 1

Overview 1

I.A. MEASURING DEVELOPMENT 5

Note I.A.1. The Evolution of Measures of Development 12
Selection I.A.1. Why Are Services Cheaper in the Poor Countries? 16
Comment I.A.1. The Productivity and Factor Proportions Explanations Again 20
Selection I.A.2. Income Poverty 27
Comment I.A.2. Capabilities and Entitlements 31
Note I.A.2. Other Important Differences Between Developed and Less Developed Countries 32

I.B. ECONOMIC PERFORMANCE OF LESS DEVELOPED COUNTRIES: THE RECENT PAST 34

Note I.B.1. No Easy Answers, Yet All Is Not Lost 41
Selection I.B.2. How Reform Worked in China 45
Selection I.B.3. India Since Independence 52
Selection I.B.4. The Impact of the Economic Reforms in Latin America and the Caribbean 58

I.C. THE DISCIPLINE OF DEVELOPMENT ECONOMICS 73

Note I.C.1. Evolution of Development Economics 73
Comment I.C.1. Classical Growth Theory 76
Comment I.C.2. Development Economics as a Special Subject 77
Note I.C.2. New Endogenous Growth Theory 79
## II. HISTORICAL PERSPECTIVE

Overview: The Division of the World

Selection II.1. The Spread of Economic Growth to the Third World: 1850–1980
Comment II.1. State-owned Enterprises and Privatization

Selection II.2. The Division of the World and the Factoral Terms of Trade

Note II.1. Why Not Export First?

Note II.2. The Lewis Model of the World Economy

Selection II.3. Agricultural Productivity, Comparative Advantage, and Economic Growth
Comment II.2. Income Elasticity of Demand for Food in the Matsuyama Model

Selection II.4. Income Distribution, Market Size, and Industrialization
Comment II.3. Minimum Market Size in the Murphy–Shleifer–Vishney Model

Selection II.5. Factor Endowments, Inequality, and Paths of Development Among New World Economies

Selection II.6. Divergence, Big Time
Comment II.4. Will the Poor Countries Catch Up?

## III. INTERNATIONAL TRADE AND TECHNOLOGY TRANSFER

Overview

III.A. TRADE

Note III.A.1. Natural Resource Abundance, International Trade, and Economic Growth

Note III.A.2. Import-substituting Industrialization and the Infant-Industry Argument

Selection III.A.1. Typology in Development Theory: Retrospective and Prospects

Selection III.A.2. An Exposition and Exploration of Krueger’s Trade Model
Comment III.A.1. Moving Up the Ladder and Changes in Relative Costs of Factors of Production

Selection III.A.3. The Process of Industrial Development and Alternative Development Strategies

Selection III.A.4. Getting Interventions Right: How South Korea and Taiwan Grew Rich

Note III.A.3. Tradeability of Intermediate Goods, Linkages, and Bottlenecks

III.B. FOREIGN CONTACT AND TECHNOLOGY TRANSFER

Note III.B.1. Learning in International Production Networks

Selection III.B.1. Technology Gaps Between Industrial and Developing Countries: Are There Dividends for Latecomers?

Selection III.B.2. The Potential Benefits of FDI for Less Developed Countries

Note III.B.2. Trade as Enemy, Handmaiden, and Engine of Growth
IV. HUMAN RESOURCES

Overview

IV.A. EDUCATION

Note IV.A.1. Three Views of the Contribution of Education to Economic Growth
Selection IV.A.1. Economic Impact of Education
  Comment IV.A.1. Updated Estimates of Returns to Investment in Education
  Comment IV.A.2. Ability Differences, Spillovers, and the Returns to Investment in Education
Selection IV.A.2. Creating Human Capital
Selection IV.A.3. Schooling and Labor Market Consequences of School Construction in Indonesia
Selection IV.A.4. Interpreting Recent Research on Schooling in Developing Countries
Selection IV.A.5. School Inputs and Educational Outcomes in South Africa

IV.B. HEALTH

Selection IV.B.1. Pharmaceuticals and the Developing World
Selection IV.B.2. Identifying Impacts of Intestinal Worms on Health in the Presence of Treatment Externalities
Selection IV.B.3. Confronting AIDS

IV.C. POPULATION

Note IV.C.1. The Size of the World’s Population and the Size of the Average Family
Selection IV.C.1. Economic Approaches to Population Growth
Selection IV.C.2. Demographic Trends in Sub-Saharan Africa
  Comment IV.C.1. The “Demographic Dividend”

IV.D. GENDER AND DEVELOPMENT

Selection IV.D.1. Gender Inequality at the Start of the 21st Century
Selection IV.D.2. Missing Women
Selection IV.D.3. Women as Policy Makers

V. INVESTMENT AND FINANCE

Overview: Investment and Finance: The Engines of Growth?
Note V.1. The AK Model
Selection V.1. Is Fixed Investment the Key to Economic Growth?
Selection V.2. Financial Development and Economic Growth
Selection V.3. Taming International Capital Flows
Selection V.4. Can Foreign Aid Buy Growth?
Selection V.5. The Microfinance Promise
## VI. URBANIZATION AND THE INFORMAL SECTOR

### Overview

<table>

Selection VII.B.2. Contractual Arrangements, Employment, and Wages in Rural Labor Markets: A Critical Review 420
Selection VII.B.3. The New Institutional Economics and Development Theory 423
Selection VII.B.4. Rural Credit Markets and Institutions in Developing Countries: Lessons for Policy Analysis from Practice and Modern Theory 425
Selection VII.B.5. A Survey of Agricultural Household Models: Recent Findings and Policy Implications 428
Comment VII.B.1. Supply Functions and Price Responsiveness 430

VIII. INCOME DISTRIBUTION 433

Overview 433
Note VIII.1. Measurement of Income Inequality 437

VIII.A. THE IMPACT OF DEVELOPMENT ON INCOME DISTRIBUTION 444
Selection VIII.A.1. Economic Growth and Income Inequality 444
Selection VIII.A.2. A Note on the U Hypothesis Relating Income Inequality and Economic Development 449
Selection VIII.A.3. Economic Development, Urban Underemployment, and Income Inequality 450
Comment VIII.A.1. The Informal Sector, Intrarural Inequality, and the Inverted U 454
Selection VIII.A.4. Explaining Inequality the World Round: Cohort Size, Kuznets Curves, and Openness 456
Comment VIII.A.2. Evidence for the Inverted U Across Countries Versus Within Countries over Time 463

VIII.B. THE IMPACT OF INCOME DISTRIBUTION ON DEVELOPMENT 465
Selection VIII.B.1. The Middle Class Consensus and Economic Development 465
Selection VIII.B.2. Income Distribution, Political Instability, and Investment 468

VIII.C. CASE STUDIES 473
Selection VIII.C.2. Falling Inequality in Rural Indonesia, 1978–1993 481

IX. POLITICAL ECONOMY 489

Overview 489

IX.A. THE (PROPER) ROLE OF THE STATE IN LESS DEVELOPED COUNTRIES 494
Selection IX.A.1. Public Policy and the Economics of Development 494
Comment IX.A.1. Development Planning 499
Comment IX.A.2. Governing the Market 500
IX.B. RENT SEEKING AND GOVERNMENT FAILURE 502
Note IX.B.1. What Are Rents? 502
Selection IX.B.1. The Political Economy of the Rent-Seeking Society 505
  Comment IX.B.1. Complete Rent Dissipation Through Competitive Rent Seeking in the Harris–Todaro Model 508
  Comment IX.B.2. The Relationship Between Rent Seeking and Corruption 508
Selection IX.B.2. The Regulation of Entry 510

IX.C. STATE CAPACITY 536
Selection IX.C.2. The State as Problem and Solution: Predation, Embedded Autonomy, and Structural Change 541
Selection IX.C.3. Taking Trade Policy Seriously: Export Subsidization as a Case Study in Policy Effectiveness 560
Selection IX.C.4. Bureaucratic Structure and Bureaucratic Performance in Less Developed Countries 573

X. DEVELOPMENT AND THE ENVIRONMENT 581
Overview: Environmental Problems in Less versus More Developed Countries 581
Selection X.1. Development and the Environment 588
  Comment X.1. The "Environmental Kuznets Curve" 597
Selection X.2. North–South Trade and the Global Environment 589
  Comment X.2. Empirical Studies of the Impact of International Trade on the Environment in Less Developed Countries 601
Selection X.3. Deforestation and the Rule of Law in a Cross Section of Countries 603
Selection X.4. Determinants of Pollution Abatement in Developing Countries: Evidence from South and Southeast Asia 612
Selection X.5. Genuine Savings Rates in Developing Countries 622
